## “BUSINESS AND SPORT” LUNCHEON

**T**he first of Tattersall's business and sporting functions scheduled for the second half of the year will begin on a high note on Friday June 16th, with **A.O.C President** and Tattersall's member **Mr John Coates** addressing a luncheon of our Members.

John Coates has played a central role in the growth of sport and administration in Australia and has been responsible for bringing the biggest names and the best athletes to our shores. His importance to the planning and success of the Sydney Olympic Games is unquestioned and we are fortunate that he will be joining us just months before the Games begin. This is a chance for Members and their guests to meet a man who is uniquely qualified in understanding not only the athletes and the events, but also the coordination, administration and general operation of our country's biggest ever sporting event.

As well as Mr Coates, we are aiming to be joined by other famous athletes, sporting and business personalities at the function, so it would be wise to book at the administration office as soon as possible as we are anticipating a sell-out event.

Recognising Tattersall's Club's strong association with sport in general, the Club is arranging many more similar functions for the entertainment of Members and their guests. In future issues of the newsletter look out for announcements of functions featuring Jeff Kennett

(who presided over the winning of the F1 Grand Prix), Mark McCormack (founder of IMG and sports marketing guru), Ian Chappell, Jack Newton and many others.

We are certain they will be very well attended, so avoid disappointment and contact the Administration Office and we will register your details for further information.

### Members in the news

Club Member and Commissioner of Police, **Peter Ryan** has been awarded a Doctor of Laws honoris causa by Macquarie University recently. Peter already has a BA, DMS and MSc from UK universities.

**Nicholas Whitlam** has had a personal triumph after 1.3 million members of the NRMA backed his call to demutualise and list the giant organisation. Over 82% of those who voted, voted for the proposal. Experts have estimated that the newly named NRMA Insurance Group Ltd will have a market value of up to \$5 billion.

The journalistic skills which have made **John Lyons** a former editor of the Sydney Morning Herald and now National Affairs Editor of the Bulletin, have been recognised when John was awarded the Graham Perkin Award for Australian Journalist of the Year in Melbourne recently.

### Catering and Functions Department thrives

Despite the recent upheavals in the catering management, the production of the Functions Department continues to be first class.

Under the astute guidance of Lee Farrell the Department continues to develop and shows great promise. After successfully managing recent functions such as the Tattersall's Club Golden Slipper Calcutta Dinner, the Primary Club Golden Ducks function, and many others delivered at an extremely high quality, we have a department that can handle with aplomb the function requirements of all private and business clients.

Should you, or a friend have an event coming up, contact Lee and see what he can do for you.

Food & Beverage Sales Jan-Mar 2000

### More food news

Over the last few weeks we have seen the introduction of pool side catering with the establishment of 'George's Pool Side Catering' and the return of the humble, but delicious, sambo at the Bar & Brasserie. In conjunction with the development of the new wine list for the Member's Dining Room and the expansion of its opening time to Wednesday through Friday, the dining options to members are many, varied and suitable to all needs.

## What do you want?

Jason Hill wants to hear from you. For instance, what kind of functions and events would you like to see the Club providing? More non-sporting events such as music - even

classical or opera? If it is felt that enough Members would support an idea that the Club could sustain economically, then we would do our best to promote it.

## pool side catering

### George swaps roles, serves rolls.

Happiest man in the Club lately has been George Anamourlis who has left his familiar position of front desk porter to run the new pool-side bistro with its new deck chairs and tables overlooking Hyde Park. The multi-talented George has filled many roles in his 22 years service to Tattersall's and although he has been recently known as the face at the Club's door (and the man responsible for the shiniest brass in Sydney), he has also spent time as a breakfast chef in the kitchen.

Now, he is responsible for the healthy salads, sambos and roles demanded by our members and the steward service to the new area from 11am to 2pm. Look for the man with the big smile.

## STAR WARS a war between global airline alliances

Over the last few months the corporate travel market has increasingly become polarised into two 'camps'; Qantas and their related airlines against Ansett and their partners. To visualize this is to imagine two 'countries' doing battle for \$'s, each supported by their allies - just as Qantas is supported by a number of carriers, Ansett is supported by its own allies on the other side.

The result of these alliances present mega benefits to passengers and I am pleased to show some of the new fares using a variety of carriers. Qantas will now allow redemption bookings using a combination of airlines. For example a common routing such as Sydney - New York - London - Hong Kong - Sydney uses 150,000 points for an economy ticket and either three airlines with Qantas or two airlines without.

The situation becomes more interesting with paid tickets. One relatively new fare on the market is based on the number of continents visited. It offers at least 12 stops

when four continents are used. By using this fare skillfully an additional side trip can be obtained.

The number of airlines within the Qantas alliance is increasing all the time. Members of the Qantas one world alliance include Qantas, British Airways, American, Finnair, Canadian, Cathay and Iberia. Other airlines where points can be accumulated and redeemed include Swissair and Elal and shortly Air Lingus.

With Ansett the situation with redemption of points is at present more difficult when you try and combine a number of airlines. All of the redemption tickets are on a return basis but this could change. Airlines which are members of Ansett global rewards and star alliance include Ansett, Lufthansa, Lauda Air, New Zealand Air, Singapore Air, Thai and United Airlines, Air Canada etc.

There are several round-world fares using a variety of star alliance carriers. For a routing such as Sydney-New York-London-Sydney, there are several options and I will be happy to provide advice on this. This is where booking on line is not advisable because all the rules, possibilities and fares are not shown.

For your corporate requirements contact Barbara or Victor at Anywhere Travel. Phone 96630411 or email [barbaraw@anywheretravel.com.au](mailto:barbaraw@anywheretravel.com.au).

## black tie boxing. 19th may

Black Tie Boxing continues to be one of the Club's most popular events and tickets to the next evening of Friday May 19 have been sold out early, so maintaining a long tradition of support for boxing by Members.

This round, ticket-holders will be lucky enough to see our own Deadly Dave Birchell in action and if you haven't seen David punch some poor unfortunate opponent's nose,

non-stop for four rounds, then you'll soon understand what he has that made him a champion. Many other features and entertainment are also planned for the evening.

We are fortunate that the evening will be supported by such prestigious companies as Tyrrell's and Carlton United Breweries. We thank them for their contribution to the club and to the evening. Members will be showing their appreciation to the sponsors in the usual way.

### Member's Hospitality Package

We are also fortunate to have a special offer to all Members - an Olympic Hospitality package donated by the AMP to the PCYC. Mark Brooke and the PCYC have kindly made this hospitality package available to all Members whether or not you are able to attend the Black Tie Boxing night.

**The clothing which has been flying in from Europe to Vince Maloney in recent weeks and months is not effected by the G.S.T.....not NOW.**

Up to now, there has been no Sales tax (Repeat, no Sales tax) on clothing of any sort. But, from July 1, all clothing will have to carry the 10% G.S.T. PERCENTAGE,

So, if you have any ideas about acquiring some new clothes later this year, it would pay you handsomely to take action sooner rather than later..

Is this a sales pitch? Yes.

Tattersall's President Denis Cleary and Federal Minister John Fahey admire the Crystal Bowl donated by Waterford Wedgwood Crystal at the Athletics Department re-opening.

## Athletics Department Grand Opening

On April 26th, Tattersall's Club was honoured to welcome John Fahey, Minister for Finance and Administration, who helped to officially open the newly refurbished Athletics Department by unveiling a magnificent crystal bowl especially created for the event and kindly donated by John Mohin of Waterford Wedgwood Crystal.

As we boasted in the April Newsletter, the Tattersall's Club Athletics Department is now the rival of any in the CBD and we encourage all members, regardless of age, physical condition or available time, to enjoy the facilities. After all, they belong to each and every one of you and our experts can tailor a program that's guaranteed to improve your lifestyle no matter what your circumstances.

We thank everyone who attended for their support, with special mention to Minister Fahey and John Mohin for their time and generosity.

On the Club's behalf, a grateful John Gowran and Denis Pidcock accept sponsorship from Barbara Whitten, Managing Director of our loyal advertiser Anywhere Travel, and QANTAS

The GST - Grand Snooker Tournament Calcutta Auction produced a \$65,000 pool to entice a field of 101 players.

A big thank you to our auctioneer Peter Baldwin, who produced another wonderful result for us and a huge thank you to all our Members for their generous contributions and for creating a memorable (late) evening. Top bids of \$5,000 each were required to purchase colts Greg Mizon and Robbie Crane.

The final is set for November 16. Good potting and good luck to all.

Anywhere Travel sponsored our snooker night of March 30 with Club champion Robbie Crane defeating a gallant Col Pearce in the final. Col was given a 64 point start.

Inter club competition continues with both Tatt's teams locked on 26 points in 3rd place mid-way in the competition. We are hopeful of being represented in the final on May 31.

Joe Minici our Club professional has our thanks for his concerted efforts in securing 101 Calcutta entrants and our best wishes as he referees some 100 games of snooker over the 7 months to the final on November 16.

Committeeman Bob Sanders concentrates on form at the Golden Slipper Calcutta while Liz and Sharon maintain Tattersall's reputation for service with a smile.

## Golden Slipper Calcutta, April 11th

150 patrons attended the Club's year 2000 Golden Slipper Calcutta and once again this most enjoyable event was voted a great success. The Calcutta Auction was conducted by the indefatigable Peter Baldwin and spirited bidding generated the highest purse in many years, with the final total of \$27,440 ensuring an outstanding return for lucky winners.

Now that the race has been run and won in remarkable circumstances, the Tattersalls Winners can be revealed as:

- 1st Place: Belle Du Jour  
Adrian Abbott Table Captain
- 2nd Place: Crowned Glory  
Charles Plumridge Table Captain
- 3rd Place: Assertive Lad  
Arthur Inglis Table Captain

The Club's thanks go to those who gave their time to participate on the evening including Kim Stewart our Master of Ceremonies, Allan Robinson, Ken Callander, Colin Tidy & Michael Sullivan. A special thanks goes out to Andrew Martin. A late call up for the evening, Andrew provided one of the night's many highlights with his outstanding range of impersonations and rhetoric. A performance enjoyed by all attending and a talent we hope to see back at the club again in the near future.

## Why exercise in the morning?

Research shows morning exercise is one of the best ways to increase fitness and stay motivated. Bob Sanders's 6am group and Rick Glover's 7.15am group don't need research to tell them that. Going back through the Club records I discovered that these two exercise groups have been training religiously from Monday to Friday for years and their dedication is second to none. Great work guys, keep it up!

Group fitness is a great way to socialise and keep focused on life. You too can become part of these morning groups starting at 6am and 7.15am. If group exercise is not your scene, you still have no excuse as we have the most experienced staff in Sydney to assess your health and regularly monitor your progress towards improving your overall health and well-being. So, don't delay any longer, call now to get started.

## Complimentary health assessments

Forms have been sent to current Members of the Athletics Department regarding complimentary programs, involving:

- (a) Health assessment
- (b) Exercise programs
- (c) Nutritional analysis

These programs aim to set a benchmark and

basketball

provide an individual plan for each member to work from and should be upgraded monthly for maintaining optimal health results.

## Not a Member? Not a problem

If you're not an Athletic Department Member, join now and take full advantage of this offer. Using the pro-rata scale, full membership to the Athletic Department is now only \$400, whilst off-peak membership is only \$210 from May until the end of 2000. All you need to do is call the Athletics Department on (02) 9264 6111. They will set you on the right path to improving your health.

## Want to be a basketball star?

You don't have to be a two metre giant to join the inaugural Tattersall's Basketball Team - as long as you can turn up, you're in with a chance. The season starts May 30 and games will be played on Thursday evenings (playing time TBA), at Cook + Philip Park Complex (only 200m walk from Tattersall's Club). Get your son involved, it's a great way for you to play sport together. Trash talk and Denis Rodman impressions are optional.

For further details and registration
